TSG Wash

“TSG Wash Karcher’s tailor-made self-service car wash systems”

In exclusive partnership with Karcher, TSG offers the best solution when it comes to professional car cleaning systems;

Karcher’s tailor-made self-service car wash systems provide a flexible solution that can be easily adapted to meet your business requirements and your customers’ expectations. The systems are modular and expandable up to eight washing stations.

TSG also offer a complete service and maintenance solution. Combining the experience of our in-house engineers, with our knowledgeable helpdesk team who are at the end of the phone to help resolve any problems you may incur so nothing stands in the way of the growth of your company.

“Service and maintenance support to keep your business going”

CWB 3 KLEAN!STAR / KLEAN!STAR iQ
