

Orion Payment

Orion payment terminals

The Orion Indoor Payment Terminal can be interfaced to your EPOS or used as a stand-alone payment solution. The Payment Terminal provides secure, traditionally accepted payment methods such as credit, debit, fuel cards, and contactless payment. There are two different models available, Orion/p and Orion/s, both models offer a seamless consumer-facing online payment solution that merchants can count on for years to come.

- **Orion/p** POS connected terminal
- **Orion/s** a powerful, all-in-one solution
- 100% online terminal
- Multi-language, full color touchscreen with a scratch resistant glass display
- Brand new user interface

Model Orion/P

Model Orion/S
